Transfer Center Workshop Descriptions

Applying to a Selective Major by UC Davis: This workshop will cover all of the course and GPA requirements for all selective majors at UC Davis, including Computer Science, Engineering, and Biological Sciences. We will cover creating academic plans that will make sure you've completed all necessary courses by the time you transfer to UC Davis. (1 hour)

CSU Application Workshop: Attend this workshop to learn how to apply to a CSU. Students will have a chance to open their own application and start answering questions. To be prepared, students must bring unofficial transcripts and have a current Education Plan with classes determined for Fall 2017 – Spring 2018. You may bring your own laptop and copies of unofficial transcripts from all colleges attended. (1.5 hours)

How to Write Your UC Personal Insight Questions by UC Davis: This workshop will go into more detail on how to respond to the Personal Insight Questions. (1 hour)

UC Transfer Admission Guarantee (TAG) Workshop: This is an interactive workshop for students interested in applying for a guaranteed admission to a UC campus for Fall 2018. Campuses include: Davis, Irvine, Merced, Santa Barbara, Santa Cruz, and Riverside. Students will leave the workshop knowing if they are eligible for a TAG with a selected UC campus, completing a portion of the TAG application, and receiving assistance from a counselor. You may bring your own laptop and copies of your unofficial transcripts from all colleges attended. (2.5 hours)

UC Transfer Admission Planner (TAP): This is an important workshop for students to learn how to set up their Transfer Admission Planner. Students will work hands-on at computers to learn about the benefits of the UC TAP, create your own account, and start inputting your coursework. The information in the TAP can be used for applying for a Transfer Admission Guarantee (TAG) and directly imported into your UC Application when ready to apply. You may bring your own laptop and unofficial transcripts from all colleges attended. It is advisable to attend this workshop first before the UC Application Workshop to make sure you will have the 90 transferrable units as well as the required transferrable GPA for a UC. (1 hour)

UC Application Workshop: This workshop is designed to create an account and complete portions of the UC Application. If a student has not completed the UC Transfer Admission Planner to determine transferrable units and transferrable GPA, please attend the UC Transfer Admission Planner (TAP) workshop first. You may bring your own laptop. (1.5 hours)
