❖ **Proposed Temporary Process to Streamline Certificates of Achievement:** As announced in the previous Communiqué, the state Chancellor's Office recently approved changes related to the minimum units allowed for a certificate of achievement. In response to these changes, at the October 16th meeting, CCC discussed a proposed temporary process to streamline local approval of existing non-transcriptable certificates and low unit certificates of achievement, to be modified into certificates of achievement which meet the state's new requirements. We welcome your feedback! For further information, and to share your thoughts, please contact your CCC Reps.

❖ **Certificate Creation Workshops:** Related to the above topic, the CCC Team will be holding two hands-on workshops to assist faculty in creating certificates of achievement. The first will be held on Tuesday, November 6th @ 2:00pm; the second will be held on Wednesday, November 7th @ 9:00am. If you're interested, please RSVP to Paul and Ben to be added to the calendar invitation. We hope to see you there!

❖ **ASCCC Fall Plenary Resolutions:** Both Senate and CCC have shared resolutions that will be discussed at the fall ASCCC plenary session. For a copy of the resolutions, and to engage in discussions with your colleges, please contact your Senate and/or CCC Reps.

Reminders:

❖ **CourseLeaf Implementation Team:** As announced in the previous Communiqué, we have selected CourseLeaf as our new curriculum system. We are still looking for people to join the implementation team—please reach out to Paul for details!

❖ **Local GE Applications:** Do you know of a course that may be a good fit for our local GE pattern? The general education application period is open! Please contact your CCC Reps for more information.
