

Kinesiology Division Curriculum Committee Meeting: March 17th

Meeting Notes

Katy opened the meeting by asking Don and Owen to report on the campus wide Curriculum Committee.

Don mentioned curriculum/program sheet updates are due by 4/23. Don used his PT program as an example stating that changes to the curriculum sheets should include any changes to required classes, updates to the wording, etc. Curriculum sheet updates take a place once a year. Don also mentioned that Mary Vanatta plans to have Title V update information available this Friday, 3/19.

Katy talked about SLO's and that we only need to complete the SLO's for the courses that have been taught in the last year and not to worry about courses that are no longer being taught.

Katy also reminded everyone of the deadline for any new course submissions is June 18, 2021 and Title V updates in are due November 5, 2021.

Katy discussed Guided Pathways and that she has a meeting scheduled to discussion the Kinesiology Degree.

Jeff mentioned that we need to have more of presence with the general Counselors so that PHED and KINS class are not overlooked or considered non-essential and considered as Guided Pathways moves forward.

Katy brought up that Debbie has asked if we as a division have any thoughts about what professional development opportunities we might consider with the focus on equity. Basically, what we want to do.

Dixie mention trying to connect to other divisions. Trying to get a take on what other divisions feel about the value and worth of Athletics.

Rita mentioned that Carloyn Holcroft would be a good choice to lead a professional development event with equity as the focus.

Warren mentioned that when updating or making changes curriculum sheets in the New Courseleaf system is different for individual class changes. If you need information, Mary has a "cheat sheet" that is helpful, or you can watch the video link.

Jeff and Don agreed to work together to create the new course proposal for Mindfulness and Physical Fitness course (not sure if that is the correct name).

Our next meeting is scheduled for April 14th, 12:00.
