

Division Curriculum Committee Meeting Report

Division: BHS

Date of Meeting: 04/29/2022

Review and Votes occurred in a Zoom meeting

In attendance: Rachelle Campbell, Jeff Schinske, Lisa Schultheis

Course Updates & Actions:

Course #	Course Title	Actions(s)
AHS 50A	Introduction to Allied Health Programs	Approved update to the MATH 105 pre-req. Replaced with "Intermediate Algebra or equivalent".
BIOL 81	Learners Engaged in Advocating for Diversity in Science	Approved update to the MATH 105 advisory. Replaced with "Intermediate Algebra or equivalent".
Paramedic Curriculum Sheet	--	Approved the possibility of correcting the curriculum sheet to include AHS 60C, D and F if deemed necessary by the Paramedic program.

Other:

- The internal deadline for Title 5 updates will be May 20th, allowing us time for review before the college June 15th deadline.
- We discussed curriculum representation when Biology transfers to the STEM division. We are recommending that potential faculty curriculum reps from the Health Sciences and Horticulture division shadow curriculum for the remainder of the academic year as preparation for Fall 2022.
- We reviewed which items currently require full division approval vs approval from just the division curriculum group. We'll revisit this item in Fall quarter when the new division structure is in place (STEM; Health Sciences and Horticulture).
- To ensure adjunct faculty have the opportunity to participate in curriculum discussions, we recommend a quarterly check-in with program directors to update the division faculty email list since faculty may be hired during the course of the academic year.

Spring 2022 BHS CC reps: Rachelle Campbell, Lisa Schultheis

Spring 2022 BHS CC committee members: Frank Niccoli, Jeff Schinske, Karen Erickson (on PDL), Sara Cooper (on PDL)
