RE: Student Fees

---

### Overview

To help ASFC project revenue from student body fees, data was gathered that identified how many students paid fees in the Spring 2011, Summer 2011, Fall 2011 and Winter 2012 terms.

Table 1 shows the student enrollment by quarter and the number of students who were to pay fees. It appears that approximately 90% of enrolled students were charged fees.

Table 1. Foothill Enrollment and Potential Fees Generated, Spring 2011-Winter 2012.

Quarter	Headcount	Fees Due	Difference
Spring 2011	15,471	14,136	1,335
Summer 2011	10,888	9,872	1,016
Fall 2011	16,323	14,499	1,824
Winter 2012	14,837	13,422	1,415

Table 2 shows the number of students who maintained an outstanding balance on their fees. Roughly 10% of students who were to pay fees do not pay the complete amount, with Spring 2011 being the exception (5%).

Table 2. Foothill Fees Paid by Headcount, Spring 2011-Winter 2012.

Quarter	No Balance	Balance	Total
Spring 2011	13,425	711	14,136
Summer 2011	9,013	859	9,872
Fall 2011	12,953	1,546	14,499
Winter 2012	12,068	1,354	13,422

### Methodology

Data was extracted based on all registration codes and by the academic terms indicated.
